## BASIC INFORMATION

Motivated and detail-oriented Computer Science student with basic knowledge of programming and web development. Seeking an entry-level opportunity to apply my skills, learn industry practices, and contribute effectively to organizational growth.

## EDUCATION

### B.Tech in Computer Science & Engineering

St. Thomas' College of Engineering and Technology, Kolkata  
2023-2027

CGPA: 8.92(upto 5<sup>th</sup> semester)

### Class XII (WBCHSE) - 2023

Heritage Academy High School, Howrah

Percentage: 85.8%

### Class X (WBBSE) - 2021

Heritage Academy High School, Howrah

Percentage: 91.85%

## PROJECTS

### • SmartWater - Smart Local Water Supply Scheduler

Developed a smart water distribution scheduling system to optimize water allocation based on demand and availability.

### • SevaSync - NGO Resource & Volunteer Management Platform

Built a centralized platform connecting NGOs, volunteers, and donors to streamline resource management and volunteer coordination. Implemented intelligent volunteer-task matching based on skills, availability, and organizational requirements.

### • SkillSync - AI Career Readiness Platform

Designed an AI-powered career readiness platform that analyzes resumes against job descriptions and identifies skill gaps. Generated personalized learning recommendations and readiness scores to improve employability.

### • Coinlytics - Cryptocurrency Analytics & Market Intelligence Platform

Developed a real-time cryptocurrency analytics platform providing market trends, price tracking, and historical performance insights. Created interactive dashboards and visualizations to help users make data-driven investment decisions.
